IDA HIGH SCHOOL

IDA, MICHIGAN

THE TORCH OF KNOWLEDGE

Knowledge....
A spark of hope, a flame of desire,
The warmth of love, an eternal fire.

Richard L. Strades

As the year 1966-1967 comes to a close, fond memories were imprinted on the minds of Ida High School students - memories of happiness and sadness, victory and defeat, laughter and tears.

The Flame of Wisdom was kindled in the classrooms at Ida and students grasped many new ideas in the experimental system of team teaching.

A Spark of Eagerness was displayed by students as they attended sock hops, club meetings, and school plays.

Whether Ida High School teams were victorious or defeated, spirit among students was always high. The Blaze of Glory was carried in the hearts of athletes and sports fans throughout the year.

Offering countless opportunities for acquiring new friends, high school provided the Glow of Friendship which will remain in the hearts of students long after their days at Ida are gone.

Continually shining, the Light of Progress beamed brightly on the growing community of Ida. New facilities such as the Post Office helped continue the progress of the area.

Reflecting memories of the past and promises of the future, the Torch of Knowledge will continue its flame.

We, the editors of the 1967 Comet, sincerely hope that our book will bring back many fond and cherished memories of the year's happenings to the students of Ida High School.

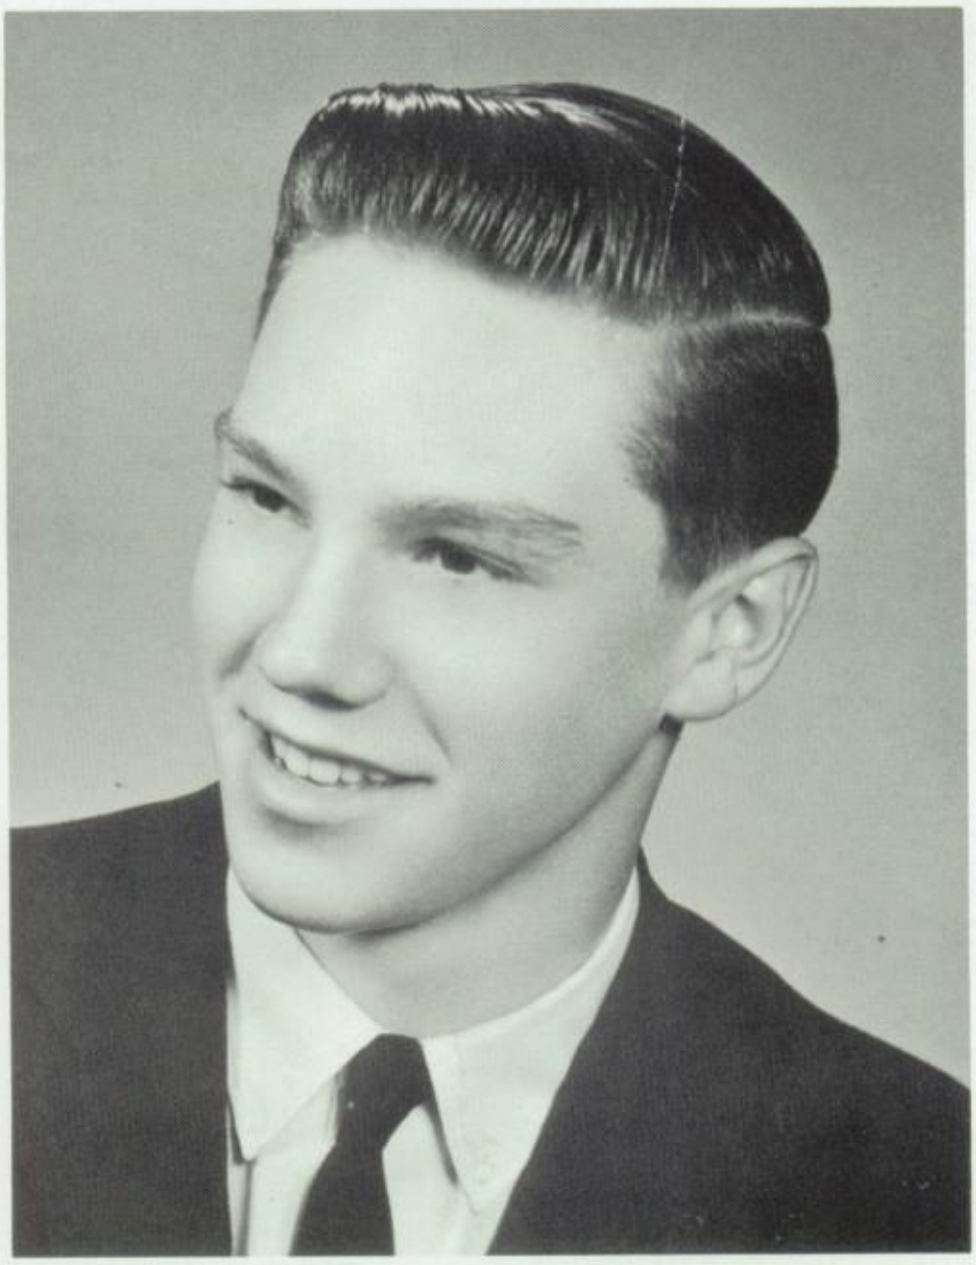
Dedication

We, the annual staff and students of Ida High School, wish to dedicate this our 1967 Comet to Mrs. Val Steinman and Mrs. Helma Shields. They have given much of themselves in way of service, friendship and helpfulness. It takes more than good teachers to make a good school system, and Mrs. Shields and Mrs. Steinman graciously keep our school running smoothly. We offer both of them a grateful thank you, and shall remember them with affection.

Memorium

Larry Clyde Ault



Nature's first green is gold,
Her hardest hue to hold.
Her early leaf's a flower;
But only so an hour.
Then leaf subsides to leaf.
So Eden sank to grief,
So dawn goes down to day.
Nothing gold can stay.

Robert Frost

THE FLAME OF WISDOM

"Imparting knowledge is only lighting other men's candles at our lamp, without depriving ourselves of any flame."

Jane Porter

Striving to keep pace with the ever-changing world, instructors planned and prepared lessons designed to equip students with the knowledge necessary for their future years. The Flame of Wisdom signified the enthusiasm students experienced in their quest to learn, to comprehend, and to acquire the foundation for our progressive generation.

As the students' ideas expanded, their faces reflected the thoughts, doubts, and inquiries they had. The teachers aided in development of mature adults, capable of expressing themselves intelligently.

Learning was not confined to the classroom alone. With the help of the biology, industrial arts, home economics, and chemistry laboratories, students were able to learn through the use of visual and manual aids.

This year's Science classes have certainly utilized all the modern lab equipment so conveniently placed at their disposal. The experiments run and theories tested have been challenging, and have made the students all very much aware of the environment in which we live.

A professor can never better distinguish himself in his work than by encouraging a clever pupil, for the true discoverers are among them, as comets among the stars.

Math

The mathematics program here at Ida offers an excellent foundation for later work in math as well as being very comprehensive in itself.

The students of the Algebra I classes learn the basic principles of math upon which they build throughout the rest of the math courses.

The fundamentals of plane geometry are put to use in the following courses which Mrs. Cowan very ably instructs, Algebra II, Solid Geometry, Trigonometry, and Math V.

Any student going on to further work in mathmatics will be very thankful for the solid foundation they received from Mrs. Cowan, Miss Desroisier, and Mr. Carlton.

Bus Drivers

In Appreciation Of Service

The bus drivers have a very important responsibility driving students to and from school each day. In addition, they must have patience, kindness, and a sense of humor. Ellsworth Knapp is the head bus driver.

The custodians go about their duties in good humor, and can often be heard whistling while their work. They perform many of the necessary, but not so exciting, tasks around the school.

The cooks have a cheerful kitchen in which to prepare lunches for the students and teachers.

These three staffs are the people who keep the wheels moving at Ida.

Juniors

Throughout the year, the Class of "68" has sponsored the dances after the football and basketball games. The two big projects for the Juniors this year was the banquet given in May and the play this spring. They would like to thank their advisors for their help to make this year's activities successful. As the school year draws to a close, the Juniors look with anticipation to their coming senior year.

The Freshmen class of "70" wishes to be unique in our ideas and principles. Our main strive this year is to earn enough money to fulfill our activities in the future. During our first year at Ida High School we have obtained a high standard of respect for upper classes. We hope we in turn can be an inspiration to the classes that follow us.

THE SPARK OF EAGERNESS

"Eagerness is the spark most men are born with, but flickers and dies as some men grow older."

Janine Sabatino

Without extracurricular activities school life at Ida would not be complete. Clubs and activities played an important part in developing leadership qualities, fulfilling the varied interests among students, and broadening their knowledge.

With the "spark of eagerness", students participated enthusiastically in extracurricular activities and were deeply rewarded for their efforts.

Student Council

Kay Eipperle, Secretary; Garry Anderson, President; Mr. Shafer, Advisor; Jerry Knapp, Vice President; Kathy Neck, Treasurer.

The Student Council is an organization composed of students elected to represent the students to speak for them, and to work for the general welfare of the school. It has done much to help develop school spirit, student morale, and pride in the school. They create closer harmony between students and teachers, insure better relations between classes, better the understanding with parents, and communicate with the people in the community.

Some of the major projects that the Student Council sponsors are the magazine drive, Homecoming Dance, assemblies, honor awards, and scholarships.

National Honor Society

The National Honor Society was founded by the Association of Secondary School Principals for the purpose of stimulating and promoting higher ideals of citizenship. The needs of training for good citizenship were studied and four standards were then set as the basic qualifications for membership in the National Honor Society. They were character, scholarship, leadership, and service. Election to this society is the highest honor a student can receive during his high school years.

The club's main activity has a two-fold purpose, service to the school and earning money. It is the collection and resale of used books for which a small fee is charged. This money is used to defray club expenses and to provide two scholarships each year for graduating seniors to encourage further education.

Annual Staff

The 1966-67 Comet was planned with many improvements and changes. This year a theme, The Torch of Knowledge, was carried throughout the book for the first time.

Also this year a special section was given to the Intermediate School, giving them better representation in the yearbook. This added section has made this year's Comet the largest ever.

The co-editors, Judy Whiting and Alice Turner, attended a publications workshop in Midland, where they attended classes concerning the editing of the yearbook.

The staff sponsored the Annual Dance on January 21, 1967, where the Annual King and Queen were crowned.

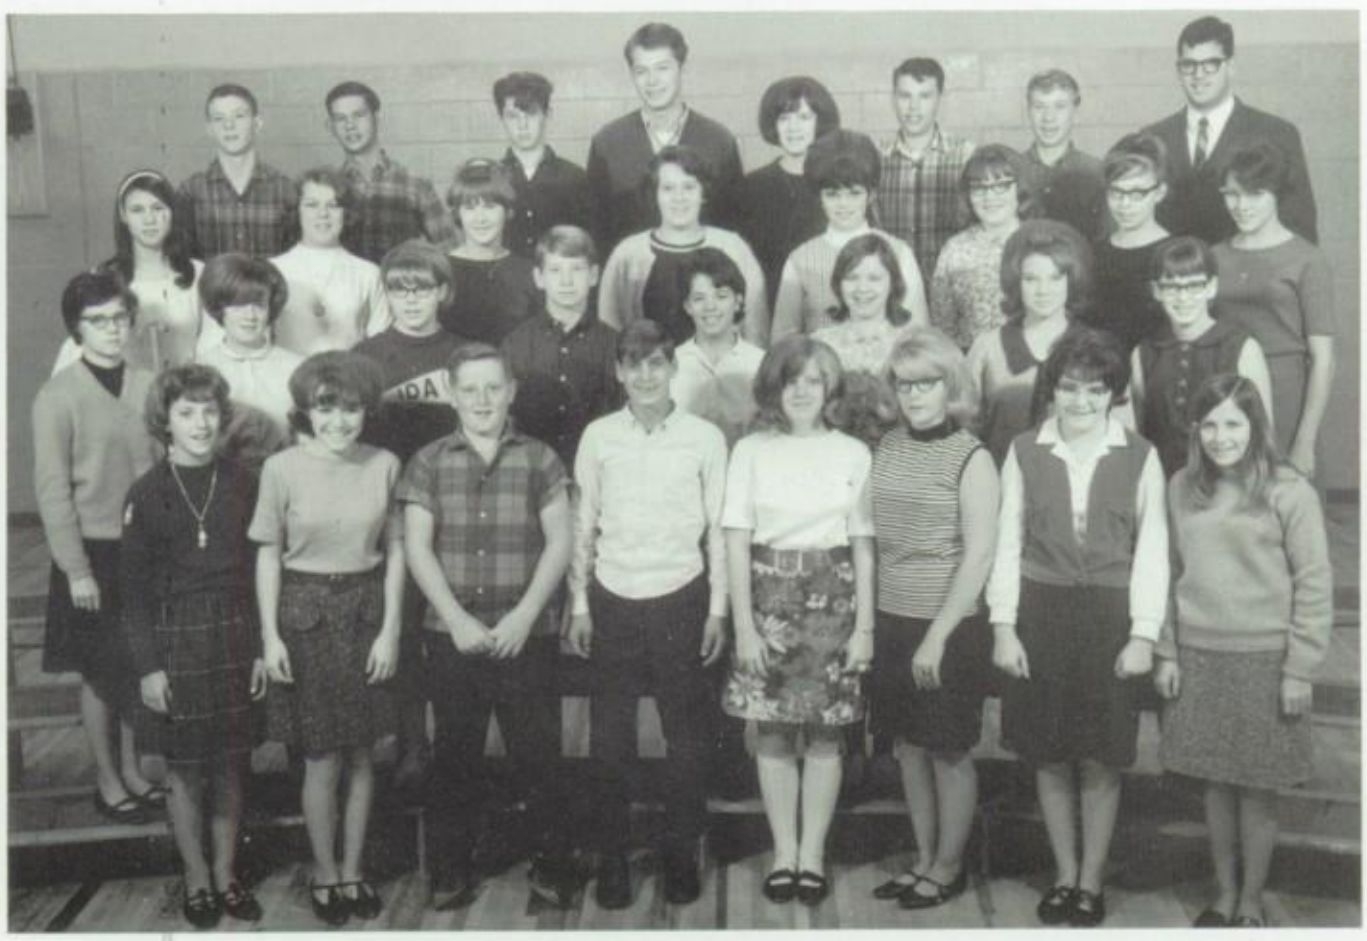
Staffs in Action

Newspaper Staff

The Bluestreak News of Ida High provides enjoyment for its readers. Through the editorials, announcements and articles, readers are challenged to better their lives and respect the people around them.

During the summer of 1966, Elcenia Thomas, editor, and Jean Lassey, lay-out editor, were sent to a Publications Workshop at Detroit, Michigan. There they learned many new things which were put to use in the past year.

Rock 'n' Roll Club



The art of dancing is a natural means of expression. It is probably the oldest of all arts, and it plays an important part in our social customs.

Our purpose is to examine modern dance so we can better understand our own environment. At the same time, we can attain a feeling of common interests and common goals.

Future Nurses

The purpose of the Future Nurses Club is to acquaint interested girls in the various phases of nursing. Two projects are held each year for making money. This money is used for the annual scholarship, awarded to a graduating senior.

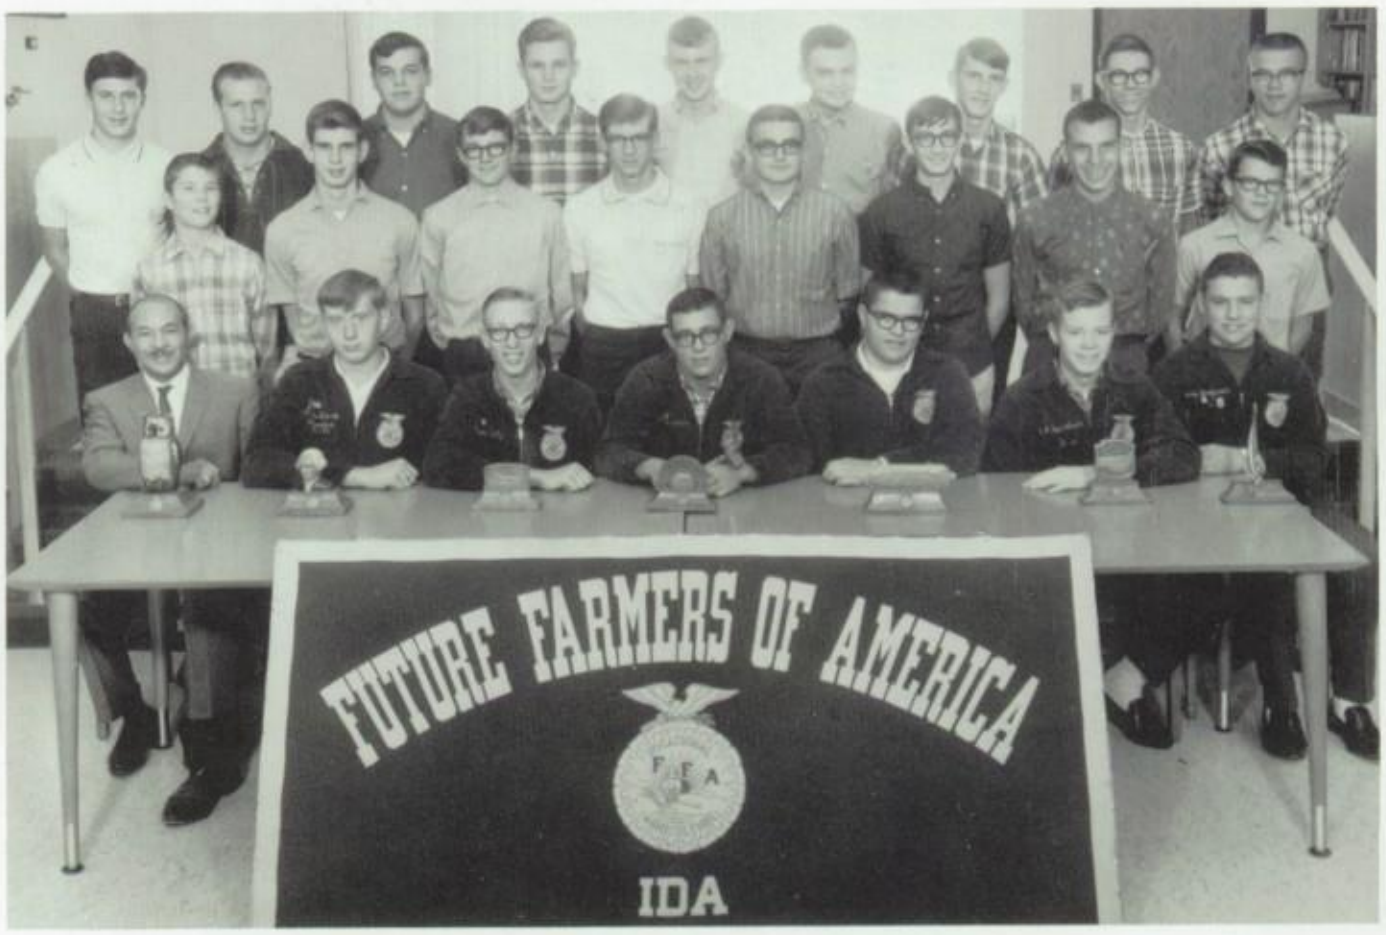
STUDENTS EXPLORE

Future Teachers

The main purpose of the Future Teachers Club is to provide a scholarship to a student of Ida High who will be attending a college of education.

The members of the club spend some of their study hall time working with teachers in both the Elementary and Junior High schools.

Future Farmers



The primary aim of the Future Farmers of America is the development of agricultural leadership, cooperation, and citizenship.

Members learn through active participation how to conduct and take part in a public meeting; to speak in public; to buy and sell cooperatively; to solve their own problems; to finance themselves; and to assume civic responsibility.

PROFESSIONAL OPPORTUNITIES

Industrial Education Association

The purpose of the Shop Club is to take a closer look at industry, its processes, and its products. The club is interested in the opportunities found in industry today and those that will be open in the future.

Weekly evening meetings give the members a chance to work on individual projects, with the guidance of the instructor.

Fine Arts Club

The purpose of the Fine Arts Club is to promote better knowledge and understanding of the cultural advantages around us and to make a more "well-rounded citizen" in adult life. The activities include trips to various theaters, museums, musicals, plays, concerts, lectures and attending drama workshops.

CLUBS PROMOTE INTEREST

Bible Club

The purpose of the Bible Club is to learn the meaning of the scriptures in the context of when they were written and to interpret the philosophy in terms of twentieth-century living.

The activities consist mainly of discussing certain well-known passages of scripture.

Chess Club

The purpose of the Chess Club is to bring together those students interested in the game of chess and enable them to compete with one another. It also creates the feeling of sportsmanship among the students.

As for the activities, the students play chess and at the end of the year there will be a tournament to select the champion chess player.

AMONG STUDENTS

Spanish Club

The main objective of the Spanish Club is for the members to gain more knowledge of the different Spanish-speaking countries in the world.

Last spring the Ida concert band received a superior rating at district contest for the first time in the history of Ida High School.

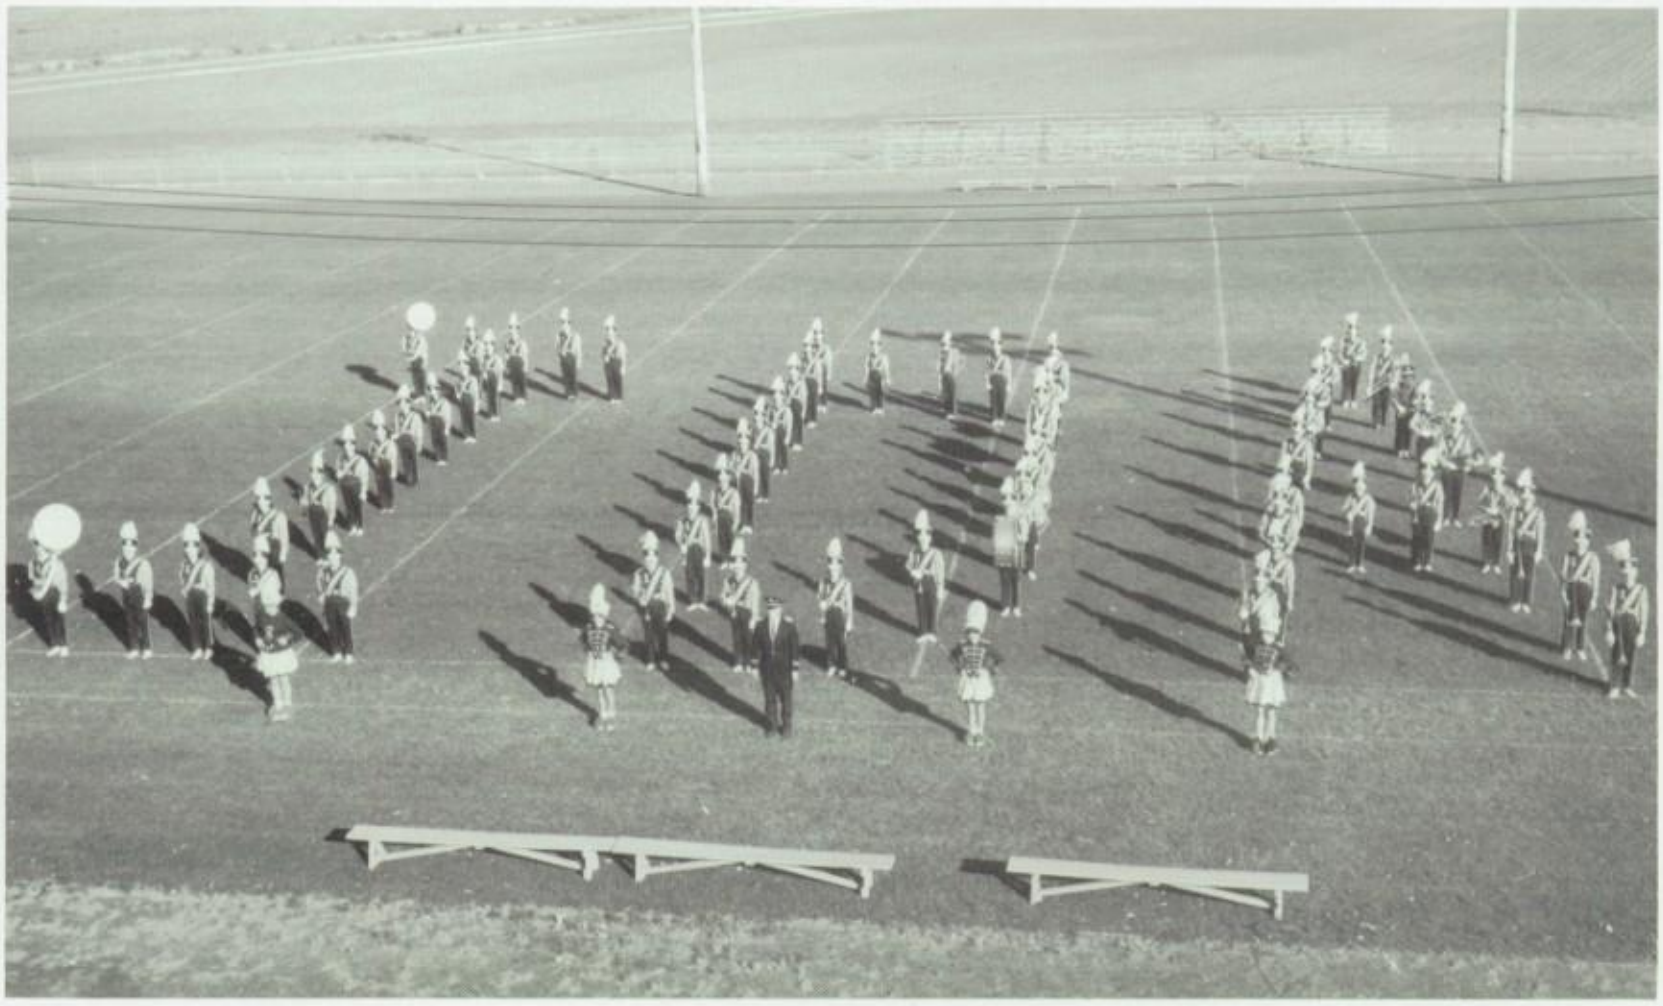
The marching band has also been keeping busy this year. They attended numerous parades in Monroe County and the 4th of July parade in Ypsilanti, where they were awarded first place. They also took part in Band Day at the University of Michigan and the game half-time show. Summer concerts were preformed at the Michigan State Fair, Monroe County Fair and the Ida Homecoming.

During our football games, the band performed many new half-time shows. Among them the percussion section was featured and a salute was given to the old high school, which was torn down this year. The game honoring the seniors was highlighted by the majorettes twirling fire batons, a real spectacular sight to see.

The annual Christmas concert, spring concert and band contests ended a very successful year for the Ida High School Band.

The Majorettes lead the band in parades and during football season. Tryouts for majorettes were held in May. Besides twirling the regular batons they twirled fire batons to Mr. Lucky, did skits and did pompom routines to the Tijuana Brass selections: "Tijuana Taxi" and "The Work Song". They also performed drill routines with the band.

PROUD BAND GETS HIGH RATING



Band Council

The Band Council consists of Amy Dick, president; Sandy Woelf, Vice President; Alice Turner, Secretary; Judy Whiting, Treasurer; and Sheryl Meihls, Librarian.

The council plans activities for the band, helps Mr. Neal, and also participated in the planning of the program for the annual band banquet held in December.

Dance Band

Our Dance Band has been more active this year than in the past. They have performed between acts at the senior play and also during the half time of some basketball games. They have also appeared at our annual concert and other social events.

Choir

The purpose of High School Choir is to provide a place and opportunity for singers to combine their talents and interests into a group. Their activities include Christmas and spring programs.

Pep Club

The Pep Club works to promote cooperate school spirit and good sportsmanship within the student body.

PEP CLUB SPARKS SPIRIT WITH ANNUAL BONFIRE

Girl's Athletic Association

G. A. A. provides an opportunity for girls to work and play together. It provides an opportunity for the girls to participate in a wide variety of sports which may be expanded into an extra mural program. It offers the girls an opportunity to perfect skills and techniques.

Varsity Club

The Varsity Club is made up of letter winners of Ida Sports. Their purpose is to encourage athletics for the student body and develop higher sportsmanship. They work to raise money and from time to time they buy needed equipment for the teams.

Library Club

The Library Club members are library assistants. Members of the club are also members of the Student Library Assistants Association of Michigan.

The junior officers, with Mrs. Waldhanz, attended the State meeting at Ann Arbor this year. This enabled the exchange of ideas with other students interested in library work.

Coin Club

The purpose of the Ida Coin Club is to promote an interest in numismatics as a hobby. It also helps to gain an appreciation of coinage as an historical factor.

THE BLAZE OF GLORY

"Kindled in the hearts of true sportsmen is a blazing fire unable to be extinguished, even through the frustration of defeat."

Anonymous

The blazing fire of glory ... the fire in the Bluestreaks' football team which spurred them on to place third in the River Raisin Conference ... the fire in the Ida High School basketball team which blazed vigorously as they battled their opponents ... the fire in the burst of speed and strength needed to be victorious ... the fire in the baseball team as they defeated their rivals.

In the hearts of all I.H.S. athletes, the blaze of glory was present ... glory of winning for their team, their school, and their loyal fans.

Streaks Join Three-Way Tie for First

IDA — The Blue Streaks of Ida upended Britton here last night, 46-0, in a River Raisin Conference game. The victory for Ida left them in a three-way tie for the loop lead with Boysville and Sand Creek. All are 3-1.

Ida scored once in the first quarter on a 93-yard journey by Dave Phillips. In the second quarter, they scored once again on a pass to Mike Dick from Tom Beck covering 15 yards. The conversion point was good and Ida led 13-0 at the half.

In the second half, Hathaway scored on a 10-yard spurt for Ida and then in the third and fourth quarters Dave Phillips scored on successive runs of 40 and 15 yards. On both occasions a pass to Tom Robinson from Tom Beck clicked for the extra point. The last two tallies were made on runs of 7 and 10 yards by Mike Vergiels and Beck. Beck ran in the extra point after his trip.

Total yardage for Ida was 403 yards rushing and 79 aerial, for 482 yards. They suffered 95 yards in penalties. Britton had a good defense throughout the first half. Their overall play was highlighted by fullback Terry Godzina who turned in a strong game.

Improving Streaks Maintain Chance by Beating Bobcats

OTTAWA LAKE -- An improving Ida football team rolled up its second straight impressive victory here last night, blanking an injury - riddled Whiteford eleven, 19-0.

Coach Tom Overholser's Blue Streaks, losers to Dundee and Summerfield in their first two outings, now have amassed a combined 65 points to none for the opposition the last two weeks.

But the Bobcats, who watched a 23-game winning streak go down the drain in a 33-0 setback to Sand Creek two weeks ago, lost another offensive ace.

Halfback Rich Roppelman, expected to be Whiteeford's top runner, left in the first quarter with a slight concussion and was

Garry's 29.2 Average Sets Record

Anderson Takes Scoring Title

For the second year in a row Garry Anderson, the 6-5 senior sensation, has won the individual scoring race. It is the first time that the same player has won the title in consecutive years since Tom Haws of the Airport Jets won it in the 1960-61 and 1961-62 seasons.

Back then the brand of basketball was not quite the same as the present form and the result is the higher averages of the present day players.

Anderson, the Blue Steaks' pride and joy, knows all about high averages. His 29.2 final average is the highest the county has seen since records were kept starting in the 1953-1954 season, topping Lynn Fisher's previous high of 28.1 in the 1963-1964 season for the Summerfield Bulldogs.

Anderson, who beat out Randy Anteau of the Airport Jets for last year's title 25.7 to 22.6 had a more difficult task this Summerfield, Bill Van Buskirk of Airport, Doug Heath of Milan, Mike Frank of Ida and Bob Graham of Monroe Jefferson.

Rumple, Koppelman, Stachak and LaRocca have been solidly in the top scorers all season long, while Van Buskirk entered the top fifteen for the first time on February 6 and continues to improve his average.

For a teammate of Garry Anderson's, Mike Frank, it is the first time he has been in the top scorers all season long. He has a 13.4 average.

Heath and Graham have been going in and out of the top scorers all season long.

George Simenton of the Bedford Mules took the free throws percentage title with a .741 percent of making 80 of 108 attempted.

Another Mule, Wayne Rumple, a member of the GLL all-

ALMA MATER

Underneath the arch of Heaven,
Standing strong and true--
You will see our Alma Mater
Robed in Gold and Blue.

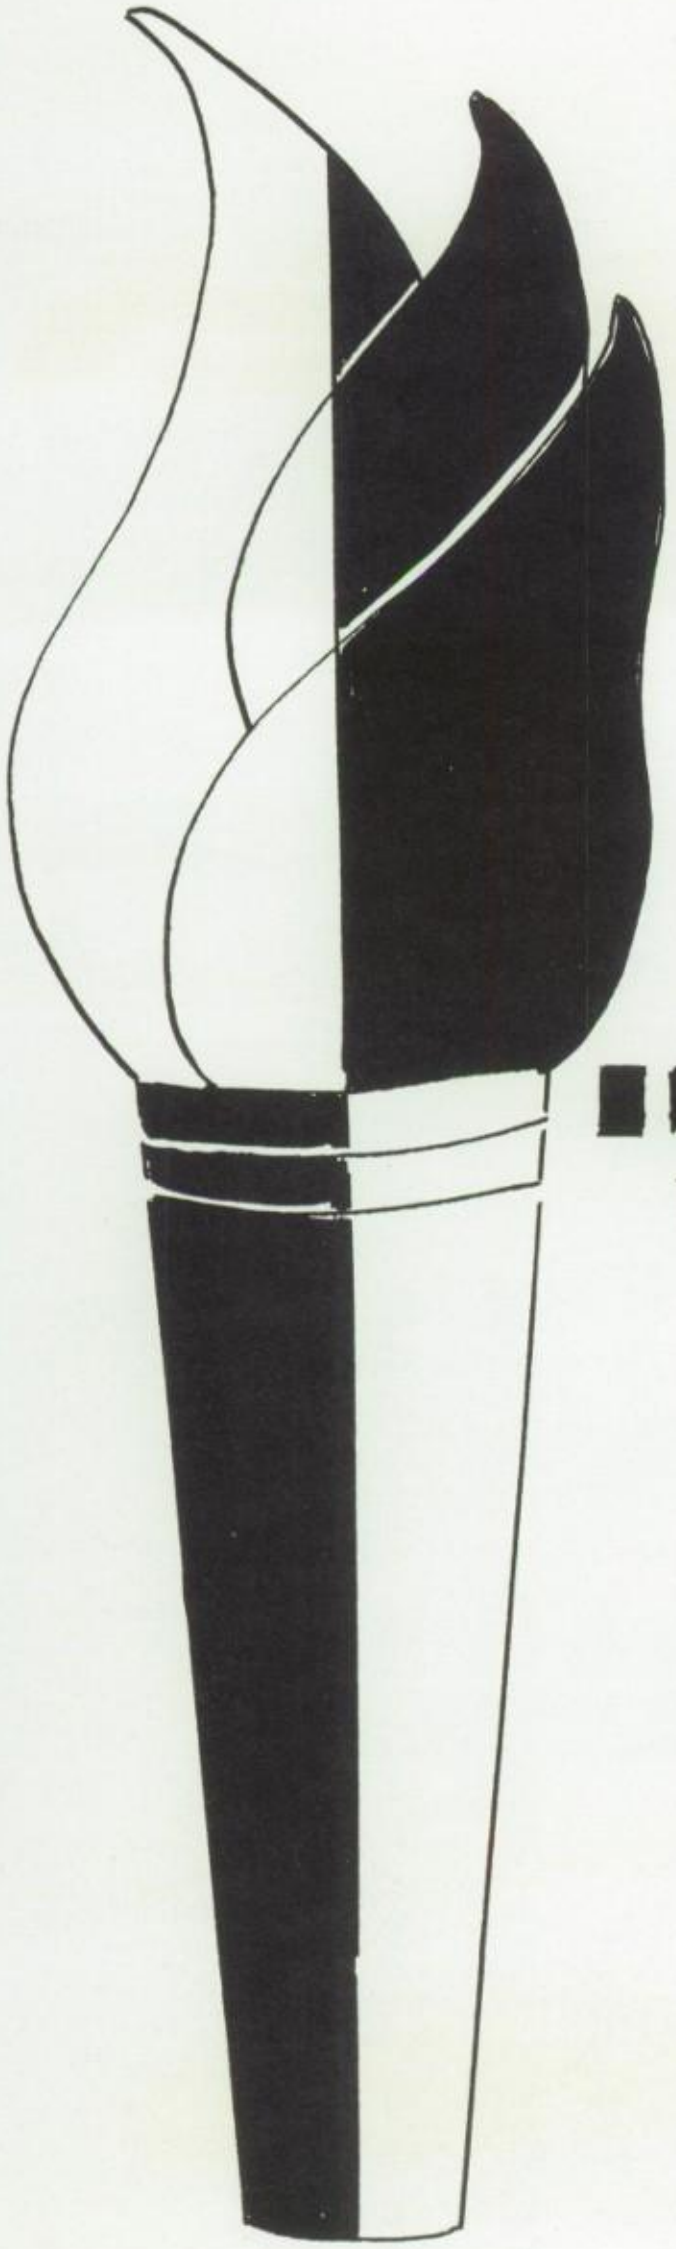
From her doors our sons and daughters,
Leaving on their way
But through life they will remember--
Her and they will say--

Raise your voices! Sing your praises!
Upward to the sky--
Hail to thee, our Alma Mater!
Hail to IDA HIGH!

FIGHT SONG

Come on, Ida! Come on, Ida!
Come and win this game--
We, the Gold and Blue are for you,
Win your school a name!

Ida High School! Ida High School!
We to you are true.
So, fight, fight, and win this game,
For the Gold and Blue.



THE GLEAM OF YOUTH

"How beautiful is youth! how bright it gleams with its illusions, aspirations, dreams..."

Longfellow

While in junior high, the students live in a world of muddled emotions all kindled by the gleam of youth. Torn between the carefree elementary and the seemingly invincible high school, the junior high students find their own place in the social whirl of the academic community. Their ceaseless energies are expended in unlimited fields which include shouting at pep rallies and games, dashing through the hall to be on time for their classes, and sponsoring dances. Yes, the gleam of youth can be seen in those three marvelous years of junior high school.

Seventh Grade

Our Seventh grade class has been thinking about having a carnival for our money making project. We are allowed two booths. The whole Jr. High will participate in the carnival. It will be held sometime in April. We are also talking about selecting a girl from each class who would run for queen. We hope to achieve a great deal this year.

THE GLOW OF FRIENDSHIP

"Friendship, like love, is but a name, unless to one you stint the flame."

Gay

A glow of friendship surrounds the classrooms and children of the elementary grades in a quiet atmosphere. The dictator of the class is not the expected teacher, but the unwritten law of friendship.

In these grades, the children are beginning to learn the basic elements that will help them through life. Through their recesses and fun periods, they learn to get along with others around them. In the actual classroom, the children learn to work together and are expected to do their share of work without being constantly reminded.

In the elementary, the children are climbing the first steps to adulthood by first learning to play and work together -- in their glow of friendship.

THE LIGHT OF PROGRESS

"In the past we have had a light which flickered, in the present we have a light which flames, and in the future there will be a light which shines over all the land and sea."

Winston Churchill

Ida, Michigan is a peaceful community in a restless world. It is not a new or a different place, yet new facilities and improvements have been made throughout this year.

Each passing season will bring improvements to Ida. Our community will keep the Light of Progress burning brightly.

THE TORCH OF KNOWLEDGE

"Let not the flame of learning be extinguished. In your youth nourish the spark to kindle a flicker, then fondle and nuture it with study. This, if sought sincerely, will generate the illuminous glow of knowledge."

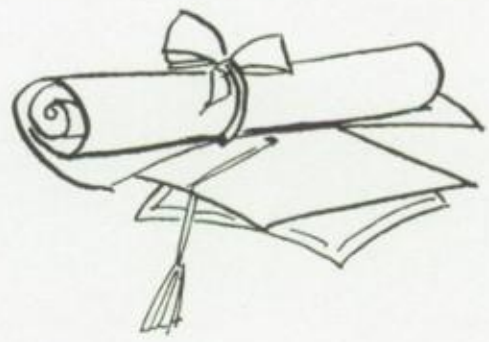
Maureen Martin

Every student entering Ida High School kindled a flame in a new world of experience and learning. He plunged into the world having anticipated adventures of the past year; eagerness of sports, gratification of friendship, participation in activities, and the opportunity to attain knowledge necessary for his future years.

Experiences enabled the student of I.H.S. to develop worthwhile and lasting interests, to discover and acquire skill in his particular fields, and to come to a more mature understanding of his abilities.

Each student differed to some extent in his goals, interests, and abilities. Each attempted to understand himself, map the future, and establish a sense of purpose. High school gave him that opportunity.

Throughout these four years, the student became a well-rounded and evenly balanced person. He developed a curiosity of the unknown, independence of judgment, disciplined intelligence, and a sense of reality. High school inspired and helped to mold him into a leader of tomorrow.



Lynn,
A bird with a brain will don't get anywhere as fast as one who does. Best wishes for today's exam
